### **PORTSMOUTH SENIOR ACTIVITY CENTER RIBBON-CUTTING –**

Left to right: Matt Billings project manager Martini Northern LLC; City Manager Karen Conard, Former Mayor Bob Lister, Mayor Rick Becksted, Former City Manager John Bohenko, Recreation Board Chair Carl Diemer, Former Planning Director David Moore. While the pandemic has limited the use of the new Portsmouth Senior Activity Center to physically-distanced and remote classes and for use as a polling place, City official celebrated its

completion with a ribbon-cutting ceremony on Friday, October 23rd. As Mayor Becksted noted, “The community of Portsmouth needs some good news, for a change, and this is definitely good news.” Funding for this project comes from a combination of sources, including planning and design monies from the U.S. Department of Housing and Urban Development Community Development Block Grant (CDBG) Program and funds from the Daniel Street Trust. Working together with the Community Development and Public Works Departments, the Senior Services Division of the Recreation Department has designed an adaptive reuse of the former Doble facility which expands the space available to the current Senior Center from 2,400 sq. ft. to 12,000 sq. ft. The new Center has increased the number of activity/classrooms available for programs from 2 to 7, including a 3,500 sq. ft. Assembly Hall and incorporates some of the design features recommended by the National Council on Aging. The long-term vision is that the Senior Activity Center is a vibrant hub for people to gather and access programs that encourage wellness, lifelong learning, creativity, socialization, and recreation. **MAPLEWOOD AVE. DOWNTOWN INTERSECTION CROSSING SIGNALS** -- New Maplewood Ave downtown intersection pedestrian crossing signals are now working. Pedestrians and motorists downtown at the intersections of Maplewood Avenue and Deer Street, Hanover Street and Congress Street now experience new pedestrian-crossing patterns thanks to an upgrade in the traffic signals. Previously, all vehicle traffic stopped at the same time for pedestrian crossing in all directions. That cycle caused delays. The new timing gives pedestrians the WALK signal while the traffic moving parallel with them has the green signal. Turning traffic will be required to yield to pedestrians in the crosswalk. New signs posted at each intersection and electronic message boards will alert drivers to the need to yield to pedestrians when turning at intersections. **Make sure you press the button for the crosswalk you want. There are now two buttons.**

**BRIDGE STREET LOT PARTIAL REOPENING FOR PARKING & WORTH STREET SPACES RETURN TO STAY AND PAY METERING** – With the end of the restaurant and performance space use of the Bridge Street Lot, parking is now allowed again in the lot, with the exception of space used by the temporary sheds, scheduled to be removed next week. Temporary barriers to allow for outdoor dining in the Worth Lot are also being removed. While the Bridge Street Lot was unavailable and in an effort to support all businesses served by the Worth Lot, six of the standard metered spaces were reconfigured to serve as 30-minute spaces. As planned those 30-minute spot allocations now sunset with the return of the Bridge Street Lot to parking use and are being restored to standard Stay and Pay metered spaces.

**PORTSMOUTH TRICK OR TREAT: SAT OCT 31, 3-6 pm**. Follow NH Health guidelines to reduce the risk of COVID-19 while celebrating Halloween. <https://www.readynh.gov/documents/halloweencovid-19safety.pdf>

**Halloween Guidelines:**

**The hours permitted for trick-or-treating will be Saturday, October 31 from 3 to 6 pm.** The schedule for trick-or-treating in Portsmouth is subject to change, based on the COVID-19 infection rates being reported in late October.

**The City Health Officer asks that families not travel town to town or invite friends or family from other towns to come to Portsmouth as that reduces the risk associated with mixing households in close groups. The City's Emergency Services team also reminds residents that gathering in groups, in indoor settings with reduced air flow, is highly discouraged due to the greater risk of COVID-19 transmission.** Residents are asked to follow this guidance compiled from advice issued by the State of New Hampshire, the Federal Centers for Disease Control and Prevention, and the New Hampshire Municipal Association:

- **Travel in family groups, only (not with members of other households).** Small children should be accompanied and supervised at all times.
- **Maintain at least a six-foot distance** between people not from the same household.
- Wear face coverings (standard Halloween masks are not sufficient as they typically do not cover the mouth).
- Bring a small bottle of **hand-sanitizer** with you and use it often.
- Residents who do not want to participate should leave their front house lights turned off or put a sign on the driveway or sidewalk. Trick or treaters should respect that notice.
- **No direct distribution of treats, please.** Children and those providing candy should maintain physical distance.
  - Distribution points should be cleaned regularly throughout the three hours of trick or treat.
  - Put treats in individual paper bags, or spread out on trays rather than using a communal bowl and place on a table on the front walk, porch or driveway.

**FLU SHOTS NOW AVAILABLE --** Public health officials are urging people to get flu shots this year. Flu shots are now available in the Portsmouth at:

**OCTOBER IS FIRE PREVENTION MONTH** – The Portsmouth Fire Department Fire Prevention Bureau offers 10 Fire Safety Tips to keep in mind. <https://www.cityofportsmouth.com/fire/about-fire-preventionsafety-tips> And the caution: By planning ahead you can do a lot to prevent a fire. But once a fire starts in your home there are only three things to do:

1. Get everyone out of the house.
2. Close the door behind you.
3. Call 9-1-1 from outside the building or from a neighbor's home.

Don't go back into a burning building, no matter what. If you think someone is trapped inside, tell the firefighters when they arrive.

**Governor Sununu has extended his Emergency Order until November 15, 2020.** The State has also made changes to the COVID guidelines to minimize redundancy in each industry sector. **Those guidelines that applied to all industry sectors have been removed from separate sector pages and now live only in the Universal Guidelines (UG) pages.** In some cases (e.g. outdoor attractions, arts, music education, funerals, and more) the sector pages have been eliminated entirely and you'll find a note at the end of the UG specific to those sectors.
