## **DPW PROJECTS**

**PEIRCE ISLAND ROAD SEWER FORCE MAIN WORK** -- Scaffolding will be installed along the underside of the Peirce Island Road Bridge and the work will limit travel to a single lane of alternating one-way travel on weekdays between 7:30 am and 3:30 pm, continuing to Tuesday, Nov 10. Flaggers will be placed on either end of the bridge to control traffic.

**DENNETT STREET** – Roadwork continues all week. Crews will then need to raise all the manhole covers up to grade for the winter the following week.

**ISLINGTON STREET DETOUR BETWEEN BARLETT & CASS STREETS** -- Traffic flow will be reduced to one lane of one-way westbound traffic between Cass Street and Bartlett Street. Eastbound traffic on Islington will be detoured onto Jewell Court and around the work zone via Brewery Lane and Cass Street. Flaggers and/or police details will be present to help direct traffic. Drivers should expect minor delays. Parking restrictions will be in place at all times along the detour until the winter shutdown between mid-December and next April and will resume until the project is completed in June 2021. The State has also made changes to the COVID guidelines to minimize redundancy in each industry sector. **Those guidelines that applied to all industry sectors have been removed from separate sector pages and now live only in the Universal Guidelines (UG) pages.** In some cases (e.g. outdoor attractions, arts, music education, funerals, and more) the sector pages have been eliminated entirely and you'll find a note at the end of the UG specific to those sectors.
