# REVISED City Manager's Advisory

## Monday, December 14, 2020

**FIRST DOSES OF COVID-19 VACCINE ARRIVE IN NEW HAMPSHIRE** -- New Hampshire expects to receive 12,675 in the first allotment of vaccine for immediate distribution to at-risk health workers including front line clinical staff providing direct patient care. Subsequent weekly allotments of the vaccine will be distributed to the populations and individuals included in Phase 1a, including at-risk health workers, residents of long-term care facilities, and first responders. The timeline for widespread access to a COVID-19 vaccine is expected to be approximately 6-12 months, according to health officials. As vaccine production increases over time, updated information on when people can expect to receive the vaccine will be posted at [NH.gov/COVID19](https://www.nh.gov/COVID19). "This momentous occasion marks the beginning of the end of the pandemic," DHHS Commissioner Lori Shibinette said in a prepared statement a day before the vaccine arrived. "The FDA conducted a thorough approval process while ensuring an unprecedented timeline for vaccine production. The Pfizer vaccine has proven to be safe and very effective in protecting people from COVID-19. This is great news for the people of New Hampshire, who have endured so much for the past 10 months. The end is in sight for this worldwide pandemic."

**WELFARE DEPARTMENT ACCEPTING GIFT CARD DONATIONS FOR OLDER CHILDREN** – Once again, the City's Welfare Office is collecting gift cards for families who have older kids who are not typically served by other Christmas programs in town. As with the donation of gift cards for school supplies in September, the gift cards **can be mailed (Ellen Tully, Welfare Department, City Hall, 1 Junkins Ave. Portsmouth NH 03801), left in the gray drop box in front of City Hall or, dropped off with the receptionist.** Please contact Ellen Tully, 610-7267, [etully@cityofportsmouth.com](mailto:etully@cityofportsmouth.com) with any questions or concerns.
