PROOF-OF-VACCINATIONS:

What should you do if you discover your vaccination is not recorded properly in the NH DHHS database? Or if you need more than your vaccination card because some travel destinations require the full record? Contact NHIIS (NH Immunization Information System) at 603-271-4028, by email at nhiis.support@dhhs.nh.gov or click here for the NH DHHS website <https://tinyurl.com/rva3tphc> for the immunization information system (NHIIS). On this site, you will be guided in selecting the

correction forms for your PCP to verify your vaccine card, DOB, etc. You will need to get the form notarized and before sending it back to NHIIS. Once your record is corrected and you can request an official vaccine and immunization record. This record is the one that would be accepted when travelling if the vaccine card is not enough. For more answers to Frequently Asked Questions, [click here](#) (including US Health Dept/CDC guidance on booster shots).

I LOST MY PROOF-OF-VACCINATION CARD.

NOW WHAT? All vaccination records are kept on file in the CDC National Health Interview Survey (NHIS) system. NH DHHS advises that you can replace a lost vaccination card in either of two ways:

1. Download and complete the vaccination card replacement request form here:
<https://tinyurl.com/4pj4chcz> Note that the completed form MUST BE NOTARIZED before sending it back to NH DHHS.
2. If your healthcare provider has access to the NHIIS, ask him/her to print out the record directly from NHIIS.
