ENERGY EFFICIENCY TIPS AND PAYMENT HELP

– On **Aug 1**, New Hampshire electric supply rates increased to more than double last August's supply rate. This significant rate increase is due to record-high natural gas prices and the global economy. Natural gas is the primary fuel for generating electricity in the region. Eversource offers the following suggestions for keeping costs down this summer and details on payment plans for those who need assistance.

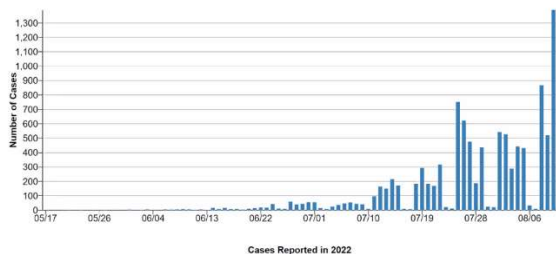

- Use the new [Cooling Calculator on Eversource.com](#) to understand how much electricity their current cooling system uses.
- Keep air conditioners set at or near 78 degrees. For every degree higher on the thermostat, the air conditioner will use 1-3% less electricity.
- Keep air vents clear of obstructions such as furniture, curtains and rugs.
- Operate major appliances during the cooler parts of the day when there is less demand on the electric system.
- Using curtains, shades, and blinds can lower indoor temperatures by up to 20 degrees.
- Switch to ENERGY STAR® certified LED lights which run cooler and last up to 25 times longer than incandescent lights.
- Set ceiling fans to rotate counterclockwise and at a higher speed in the summer.
- Look for the ENERGY STAR rating when purchasing new appliances including air conditioners. An oversized or undersized AC unit is less effective and uses more energy.

Help is available for customers who need it:

Regardless of financial need, customers are eligible for various payment programs and are urged to call Eversource at 844-273-7760 or visit [Eversource.com/billhelp](#) to find the right plan for them. To learn about the many energy saving programs available, visit [Eversource.com](#).

U.S. Monkeypox Case Trends Reported to CDC

NH DHHS UPDATES MONKEYPOX INFORMATION --

While the CDC has elevated its concern about monkeypox to a national health emergency, there have been 15 cases of monkeypox reported in NH (7,510 confirmed in the US). NH DHHS says the state is prepared if the outbreak spreads, NH has received 327 doses of the vaccine and expects to receive 1,140 more doses with the first of three shipments arriving soon. Right now vaccine is being allocated to persons with known exposure. When the additional doses arrive, the state can expand coverage to high-risk individuals before they are exposed. U.S. health officials on Aug 9 authorized a new strategy that would allow health professionals to vaccinate up to five people – instead of one – with each vial. The approach uses just a fraction of the typical amount of vaccine and administers it with an injection just under the skin rather than into deeper tissue. Recipients would still get two shots a month apart. The current outbreak is affecting primarily men ages 20 to 40 who identify as gay, bisexual or men having sex with men. NH DHHS website:

UPDATED CDC GUIDANCE ON COVID-19

- Stresses the importance of being up to date with vaccination to protect against serious illness, hospitalization and death.
- Recommends against quarantine for anyone exposed to COVID-19. Instead: wear a high-quality mask for 10 days and get tested on day 5.
- Recommends those who have, or suspect they have, COVID-19: stay home for at least 5 days, isolate in your household and wear a mask when around others (through day 10 if you tested positive). You may end isolation when:
 - If tested, you receive a negative test result and
 - If after 5 days you are fever-free for 24 hours without the use of medication, and your symptoms are improving, or you never had symptoms,

- If you have contact with people who are more likely to get very sick from COVID-19 that you isolate from them until at least day 11.

- Recommends those who experience moderate illness (shortness of breath or had difficulty breathing) should isolate through day 10.
- Recommends those who had severe illness or have a weakened immune system should consult a doctor before ending isolation.
- Recommends that if your COVID-19 symptoms worsen after ending isolation, you should start another 5 days of isolation.
- Discontinues screening tests for asymptomatic people without known exposures

VACATIONING? KNOW BEFORE YOU GO WITH CDC TOOL FOR ASSESSING COMMUNITY RISK (ROCKINGHAM COUNTY LISTED AS “LOW”) -- CDC recommends using its online COVID-19 tracker:

HOMEOWNER ASSISTANCE -- In addition to the NH Emergency Rental Assistance Program, there is a program for NH homeowners who are struggling to pay their mortgage, property taxes and other home expenses, and utilities. For more information, go to: <https://homehelpnh.org/homeowners>

EMERGENCY RENTAL & UTILITIES ASSISTANCE – The [NH Emergency Rental Assistance Program](#) (NHERAP) provides funds to renters who cannot pay their rent and utilities during the pandemic. The program works with tenants and landlords. Program changes as of October 1, 2021:

- Households may qualify for assistance for past-due and future rent and utility payments for a period not to exceed 18 months.
- At least one person in the household must have qualified for unemployment benefits, had their income reduced, had significant costs, or had other financial hardship during the pandemic. Certain income requirements must be met.

WHAT THE PROGRAM COVERS

- Past-due rent including reasonable late and legal fees.
- Three months of future rent payments if needed for housing stability.
- Utilities, such as electricity, home heating costs, water, sewer, trash.
- Other housing-related costs such as internet and relocation expenses (including rental application fees, utility hook-up fees, and security deposits).
- Households may qualify for utility assistance even if they do not receive or need rental assistance.

For more information on whether you qualify and how to apply for emergency funds available to renters

in NH, click here: <https://www.capnh.org/covid19>
The Consumer Financial Protection Bureau (CFPB) has also launched a tool (click here: <https://tinyurl.com/4hawaxf4>) that allows renters and landlords to find rental assistance programs in their area. Applications are handled through NH Community Action Partnership (CAP).
